

Hi Jonathan,

I would like to take this opportunity to reflect on my business partnership with your company which now spans the last 8 years.

I supply Car Connexion with finance solutions for retail customers on an on-call basis. This partnership results in the completion of around 120 contracts annually.

Car Connexion and I have an excellent working relationship because we are both focussed on the same goal of giving customers a quality buying experience which they want to repeat again in the future. This focus on the long game, has resulted in a business that is still thriving despite current economic conditions.

My customers typically leave Car Connexion delighted with the stress free experience and this translates into a constant stream of repeat and referred business. The greatest testimonial of all.

I am proud to be associated with such a positive organisation and can only conclude that the future looks great.

Regards

Mike King
